

## NOTICE

To non-Japanese speakers

Thank you for visiting Tohoku University Aviation Club. Our main activity is to fly in the sky with glider. To fly in the sky, there are also many risks in activities. So, there are some eligibility in this club. For safety, we can't accept who don't fulfill the eligibilities.

**1. We can't accept who can't speak and listen to Japanese fluently for safety.**

The takeover of inappropriate maneuver is done in quite urgent circumstances. A delay of 0.1 seconds surely leads to an accident. So, communication is very important. We can't ensure the safety for students who can't understand the instruction.

2. You need to understand our activities and club proposal well.

This club is just not for leisure, there are some works for maintenance and study. Who don't try to cooperate the activities are not appropriate for this club.

3. You need to understand the risk of the glider.

4. You need to be a Tohoku University student.

5. You should be a Tohoku University student for over than one year. Less than one year is not enough to accomplish to acquire a glider control skill.

6. You must enroll in the insurance of "PAS".

[→To the page of "PAS" \(English page of Tohoku University.\)](#)

[→To the page of "PAS" \(Japanese page of Tohoku University./学研災について\)](#)

7. You need a permission of home institution and your parents and participate in the insurance which cover the sky sports by yourself.

8. You must be healthy and you need medical check at the specific hospitals.

9. You must not drink alcohol before and during the activities.

10. Smoking is prohibited during our activities.

11. You must follow your instructors' and our instructions.

Glider is a sky sport and there are many risks different from other clubs. If you behave inappropriate, you may be insured or die. So, you must follow our instructions.
